The order of 19th July 1899 does not contemplate any separation of the Capital though the order of May 05 literally interpreted bears that meaning

[I see no objection to Mr Panck being told that the whole capital is so much, that the present annual income is so much, of which 1/5 is set apart for Khadi schemes in a separate account & the balance of that separate account on such & such a date is so much]

Sir,

On behalf of the Advisory Committee of the Mysore State Sheth Damodardas Khadayata Scholarships, I have the honour to intimate that in view of the facts that the Bombay University has made important alteration, in its curricul of studies and its rules and regulations, it appears to the Committee necessary that some modifications be made in the existing rules made by Government for the award of the Khadayata Scholarships with the light of experience which has been acquired during the last six or seven years

2 In enabling the Committee to submit to Govern-ment suggestions about the modifications of the rules for the consideration of Government, the Committee feel that they will be much helped by a knowledge of the amount of the fund that is set apart for the Khadayata Scholarships and the amount of the annual proceeds of that fund

3 I understand that in the office of the Control-ler, separate subsidiary accounts are kept of the one fifth of the Damoderdas Charities' fundthat is allotted towards the award of the Khadayata Scholarships under orders contained -

in C. 5968 - 70 --C M 23 of 1898, dated Bangalore 4th May 1905

I request you to be kind enough to move His Highness Government to be pleased to direct that extracts or summaries of the said subsidiary accounts be furnished to the Committee

I have the honour to be,
Sir,
Your most obedient servant.

Sir,

I beg to submit herewith copy of letter no 3041/344 dated November 1911 from the Comptroller to Government regarding Sheth Damodardass Fund I spoke to you on this subject when you last came to Hyderabad The facts of the case are that Government had a trust fund of about Rs 6 lacs of which a gujerati gentleman of Khadayata Caste The Government had to decide how the amount had best be spent I was one of the members of the Committee appointed to report on the subject I represented to the late Sir K Sheshadri Iyer that the Caste to which the gentleman belonged had a special claim on the fund The Caste was very backward in general education He & his government saw the justice of my representation and on the principle of a king being given 20/ of the revenue of his state for his privy purse his government set apart 20/ of the fund for special education of the Community A Committee of the Caste people was appointed by His Gracious Highness to advise the

Gwernment as to which boys should be selected and to
generally assist the Gwernment of Hrs Highness in the
management of the fund I am a member of this Committee
As a member of this Committee and the original proposer
of this fund and a pensioner of the state I beg to approach
the Gwernment again in Connection with this fund By
this time the fund must have increased greatly as the
giving of Scholarships was started long after the money
was set apart for the purpose and also because in the
Commencement the full amount of scholarships was
not spent I repect respectfully beg that the Committee
be kindly informed of the amount to which the fund
has now accumulated These are days in which
gwernment takes people Concerned into their Confidence
I hope therefore that the gwernment of Hrs Highness
will take our petition into Consideration and allow
us to assist them in the proper administration of
the one fifth per portion of the fund set apart for the
benefit of our backward people by Hrs Benign Highness
It is to discharge this duty properly that our
Committee respectfully beg that the gwernment will
kindly favour them with the information asked

I beg you will kindly place this
prayer of mine for the favourable Consideration

of Her Noble Highness and His Excellency the Prime Minister & his Council On the receipt of the information The Committee will suggest the way in which the interest had best be spent for the benefit of the Community

My dear sir,

with reference to correspondence ending with your letter dated 4th March '13 to the Registrar re Khadayata scholarships, I am desired to assure you that the Government of Mysore has certainly no idea of using for other purposes any part of the 1/5th income set apart for the benefit of the Khadayata community In Govt order no G 5068-70 -G M 23 of 98 dated 4th May 05 the existing scale of scholarships amounting to 1600 per annum was sanctioned and the Khadayata committee was constituted to help the Government of his Highness in the selection of students for such scholarshi

Though the object of the committee was only the selection of suitable recipients for the scholarships, Government would always be glad to [illegible] over

approval of the Committee to change or redistribute the scale already sanctioned should the same be considered necessary owing to a change in the curriculum of the University

I am to add that the Khadayata committee need not concern itself as to the income and expenditure of the fund as this is not one of the objects of its constitution and may rest assured that Government will sanction additional expenditure if balances accumulate

Yours very sincerely

time to time. As far as I can see, there is no intention of a divergence at present. Only it is considered that for a small number of years the present made already for General Schools is quite sufficient.

The Committee was constituted for a definite purpose, and the reluctance of Govt to give an account to them is merely due to their desire not to ~~constitute~~ convert the advisory Committee into a virtual board of trustees. They will however be glad to consider on its merits any useful suggestions that may be made by the Committee for the further utilisation of the fund available. Trusting that this will satisfy your enquiry, I am

Yours ever sincerely

My dear Mr. Dalal,

I have shown your letter to the Dewan Saheb to the 4th March 1913 and beg to send you the following Reply with his Concurrence

The letter referred to by you does not say anything about your desiring to divert any part of the fund from its original object I may invite your attention to Rule VI showing that the Revenue of the fund was meant to be applied for the advancement of Technical education also in the Community

over

SUBJECT

Rule X also shows that you have reserved liberty to alter the Rules from time to time As far as I can see there is no intention of any diversion at all Only it is considered that for a Small Community, the provision made already for General Scholarships is quite sufficient -- The Committee was Constituted for a definite purpose and the declaration of you to give an account to them is merely due to their desire not to convert virtual the advisory Committee into a Board of Trustees They will be glad however to consider on its merits any useful Suggestions that may be made by the Committee for the further utilization of the funds available ---

Trusting that this will Satisfy your enquiry. ---

I am yours ever Sincerely
